

INTERNATIONAL RESEARCH CONFERENCE ON HUANGLONGBING

The Mission

of this conference is to assemble the greatest number possible from the international research community, plus regulatory agency representatives, and commercial industry leaders with specific expertise on HLB for the express purpose to exchange the latest information, knowledge, ideas and concepts relative to HLB. We also want to provide a venue for increased international collaboration as well to deal with a disease that does not respect the political or physical boundaries of states or countries. Invited scientists and participants will be asked to reach beyond current information, thinking, scientific disciplines, and dogma in an attempt to broaden our global knowledge, provide new researchable goals and horizons and foster progress toward new and innovative solutions to HLB.

The Theme

of this International Research Conference on Huanglongbing is

Reaching Beyond Boundaries,

indicating our determination and need to reach beyond political, scientific and national boundaries in an attempt to find commercially feasible solutions to this devastating disease.
